FK Writing Unit 1-El Tiempo (La Copia Final)

Below is a topic for an essay. After that are some questions to help you think about what to write. You MUST answer each question that is asked. You will determine how detailed your work is. Remember to think about the RUBRIC that will be used to grade your writing-the more you know-the more you show-and the higher your grade will be! It may make sense for you to create different paragraphs as well. Do YOUR best!

¡El Prónostico!

Using your ROUGH COPY, answer each question below neatly. Be sure to fix any mistakes your teacher has corrected.
