

# ESCUELAS DIFERENTES

Your project will be presented on or before the day the class takes their Unit 3 FK exam. The anticipated due date is \_\_\_\_\_.

Make a **visual representation** (poster or page to be scanned and projected) of your daily class schedule. Include the name of each subject in Spanish as well as a picture to show your class the meaning of each Spanish word. Be ready to describe to your class in Spanish what you are learning each day.

In a **Spanish paragraph**, describe your school day here at Collegium. Describe what you are learning in each class. Tell what you do each day to earn good grades and learn new things. What do you do after school to help you relax or learn?

Research the school day in the country of your family's origin. Write a **Spanish paragraph** explaining what the schedule is like. What subjects do they study? What is similar to our school day? What things are different? Write a paragraph in Spanish explaining this.

Would you rather attend school in the country that you researched? Why or why not? Write a **Spanish paragraph** supporting your choice.
