¡Bienvenidos a la clase de Español!

Welcome to 6th grade Spanish! At this point our students have quite a bit of elementary knowledge of the Spanish language. In the past 2 years we have covered topics that include: Calendar, Numbers, Time, School, Food, Family, House, Sports, Animals, Restaurants, Shopping, Personal Identification, Clothing and Weather. We have also studied the regions of Spain, Central America, and the Caribbean. Grammatically, students can conjugate all present-tense verbs, some irregular verbs (ser, tener, and ir), and understand gender and word agreement.
